# Do you qualify to place a purchase order?

Placing a purchase order with Adafruit is easy as pi! (Actually it's much easier than mathematical constants). To begin, ask yourself these questions to see if you qualify to place a purchase order with Adafruit:

1. Am I an educational institution?
2. Is my order \$100 or more?
3. Is my institution located in the US?

If you answered "Yes" to all of the above questions, congratulations! You can choose purchase order as your payment method!

Our payment terms are Net 30
