How to create an Adafruit account

The best way to shop with Adafruit is to create an account which allows you to shop faster, track the status of your current orders, review your previous orders and take advantage of our other member benefits.

The screenshot shows the top navigation bar with the Adafruit logo and links for SHOP, BLOG, LEARN, and FORUMS. Below the navigation bar, there are two main sections: "SIGN IN" and "ORDER STATUS". The "SIGN IN" section includes a text box for "EMAIL OR USERNAME", a text box for "PASSWORD" with a "Forgot your password?" link, a blue "SIGN IN" button, and a section for "NEED AN ADAFRUIT ACCOUNT?" with a blue "SIGN UP" button. The "ORDER STATUS" section includes a text box for "EMAIL ADDRESS", a text box for "ORDER NUMBER" with a "Where do I find this?" link, and a grey "CHECK ORDER STATUS" button.

First, click on the "Sign in" button in the top right corner of Adafruit.com. That will bring you to a page that looks like this.

If you already had an Adafruit account, this is the page where you would enter your email, username, and password. Since you are creating an Adafruit account for the first time, you can click the "Sign up" button below "Need an Adafruit account?"

The screenshot shows the top navigation bar with the Adafruit logo and links for SHOP, BLOG, LEARN, and FORUMS. Below the navigation bar, there are two main sections: "SIGN UP" and "HAVE AN ADAFRUIT ACCOUNT?". The "SIGN UP" section includes text boxes for "FIRST NAME", "LAST NAME", "EMAIL", "USERNAME", and "PASSWORD", a blue "CREATE ACCOUNT" button, and a blue "SIGN IN" button. The "HAVE AN ADAFRUIT ACCOUNT?" section includes a blue "SIGN IN" button.

This will take you to the sign up page.

The only information needed to create an Adafruit account is your first and last name, email address, username and password.

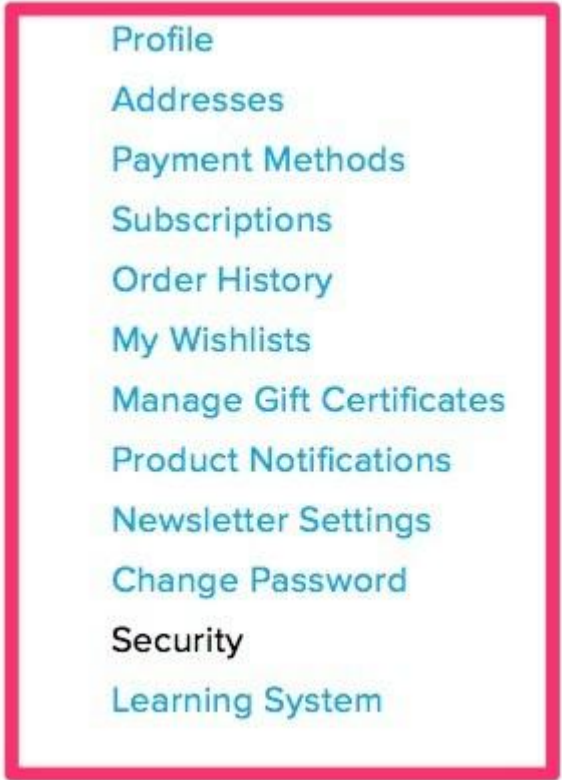

That's it! Enjoy your success!
