# How To Create A Wishlist

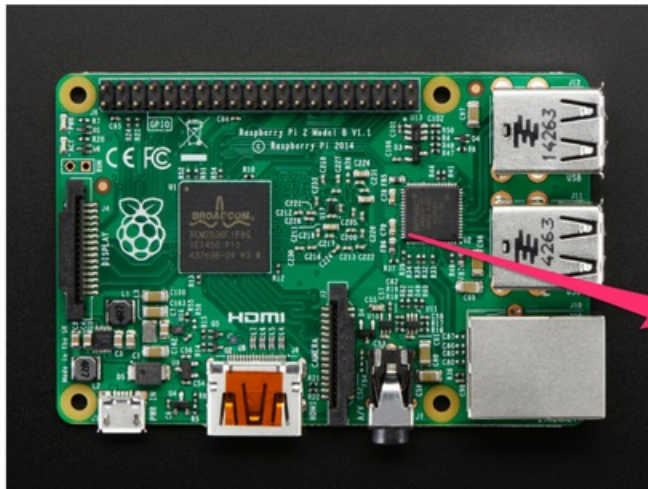

Want to create a quote for your business/school? Share your birthday wishlist with friends? Or just want to keep track of products you're interested in? You can use Adafruit's wishlist tool to do all three.

To create a wishlist sign up for and sign into your adafruit account.

The screenshot shows the top navigation bar of the Adafruit website with the logo, 'SHOP', 'BLOG', 'LEARN', and 'FORUMS' links, and a search bar. In the top right corner, there are links for 'Sign In' and '1 Item'. Below the navigation bar is the 'SIGN UP' section. It includes a text block explaining the benefits of creating an account: 'The best way to shop with Adafruit is to create an account which allows you to shop faster, track the status of your current orders, review your previous orders and take advantage of our other member benefits.' To the right of this text are five input fields labeled 'FIRST NAME', 'LAST NAME', 'EMAIL', 'USERNAME', and 'PASSWORD'. Below these fields are two buttons: 'CREATE ACCOUNT' and 'HAVE AN ADAFRUIT ACCOUNT? SIGN IN'. At the bottom of the page, there is a dark footer area. On the left side of the footer is a list of links: 'CONTACT', 'SUPPORT', 'DISTRIBUTORS', 'EDUCATORS', 'JOBS', 'FAQ', 'SHIPPING & RETURNS', 'TERMS OF SERVICE', 'PRIVACY NOTICE', and 'ABOUT US'. On the right side of the footer is a quote: *"The cheapest, fastest, and most reliable components are those that aren't there"* - Gordon Bell.

To add items to your Wishlist go to the product page and click the "Add to Wishlist" button (NOT add to cart).
